<ul style="list-style-type: none"> o Objectives 	The Golden Hill Intelligent Community Project is based on three decisive factors: users, wireless infrastructure, and community based content. The Golden Hill Intelligent Community Project (GHICP) Steering Committee’s mission is to unify and empower the neighborhood so that people of all ages, abilities and income levels have the chance to participate in use of social, creative technology in an effort to advance community revitalization and economic prosperity.
<ul style="list-style-type: none"> o Strategies 	Right now we are interested in building the number of committee members and we are looking for people that want to make this Intelligent Community happen! We are in the process of receiving approval from the Park and Recreation Department to implement wireless at the Recreation center and the 25 th Street park. Once the approval happens, it is up to the committee to decide how we are going to create an active community network.
