Total Assets – Total Liabilities and Equities:	\$20,320,024

Audited Financial Statements are posted on the CETF website.

The CETF Strategic Action Plan aims to close the Digital Divide by achieving 98% deployment and 80% adoption within a decade of beginning operations. The CETF Board of Directors plans to achieve success by 2017 and conclude operations, expending all Seed Capital and earnings. Thus, the Total Assets and Total Liabilities and Equities will continue to decline each Fiscal Year. The overall goal for the portfolio is to leverage the Seed Capital 4-fold by achieving a 1:3 match by other resources. To date, CETF has achieved and exceeded that goal with a 1:3.4 match. CETF also operates relatively efficiently in comparison to other charitable organizations, with a cumulative 95% in Program and 5% in Support activities and expenditures according to independent audits.

CETF President and CEO Sunne Wright McPeak testifies about the need for students to have affordable Internet and computers at home during a legislative hearing advancing STEM education led by Assemblywoman Susan Bonilla with support from Assemblyman Ed Chau.

In addition to the original Seed Capital, the following partners have provided funding for developing and implementing School2Home: Google, AT&T, Comcast, Verizon, and IBM.
